

King County

2005 Climate Change Conference

October 27, 2005

Hydropower Sector Agenda

Morning Session: Reviewing the Science in the Hydro Power Sector

Panel Presentations:

- 10:45 a.m.** Welcome and Introduction to the Hydro Power Sector
(John Willenbacher, King County)
- 10:50 a.m.** Overview and Background
(Alan Hamlet, Climate Impacts Group and Civil & Environmental Engineering, UW)
- 11:05 a.m.** Heating up the Debate on Northwest Hydro Power
(John Fazio, NW Power and Conservation Council)
- 11:30 a.m.** Impacts of Climate Change on PNW Hydro Power
(Matt Markoff, Graduate Student, Evans School, University of Washington)
- 11:55 a.m.** Summary, Conclusions, and Questions to Think About
(Pat Serie, Enviroissues)
- 12:00 p.m.** Lunch

Afternoon Session: Exploring the Options in the Hydro Power Sector

Panel Moderator: Pat Serie, Enviroissues

Panel presentations:

- 1:30 p.m.** Downscaling GCM output using dynamical models like MM5
(Professor Cliff Mass, University of Washington)
- 1:45 p.m.** Conservation and Renewable
(KC Golden, Climate Solutions)
- 2:00 p.m.** Combined Heat & Power
(John Martin, Pacific Energy Systems)
- 2:15 p.m.** Open Discussion of Priority Alternatives/Recommendations
- 2:30 p.m.** Closing Summary by Moderator and Report out of top 3 priorities
- 2:45 p.m.** Adjourn for closing plenary session
